

As a Realtor® Association of Sarasota and Manatee Member: You, your business or home can receive a special discount for a “Point of Use” cooler. It is time to get rid of the 5 gallon jug!
\$30 per month flat fee (regular \$40) Free installation (regular \$25-65)
Free filter changes (regular \$23-35)

Cost Savings By eliminating the cost of plastic jug delivery, the cooler helps create significant cost savings for businesses both large and small. Indirect savings include the reduction of time spent changing and storing 5-gallon jugs as well as planning and accounting for bottled water deliveries. Let Sarasota Water & Ice show you how we can help reduce your drinking water cost!

Hassle-free Service With a bottleless system, your home or office will never run out of great tasting water. Choose one of the filtered water cooler systems and enjoy free installation, free maintenance and unlimited filter changes at no additional cost!

iBoil - Increases the hot water temperature in the hot tank temporarily to almost boiling when customers need hotter water for coffee and tea brewing, soups, noodles etc.

Accu-Temp - Proprietary dispensing system serves drinking water at the proper temperature every time.

Sanitization In Place - Integrates the SIP sanitation system inside the water cooler and sanitizes the cold reservoir, waterways and faucets. The entire waterway system can be cleaned and refreshed daily.

Highly Energy Efficient - Coolers with this technology consume less than one kW-h/day in normal operating mode, and even less in Energy Saving mode.

Stay-Cool - Keeps the residual water in the cold waterway chilled and ready to serve at all times.

Energy Star - All of our coolers meet Energy Star requirements with the technology that we have designed into every one of our coolers.

Height - 43 1/2"
